Filing Applications For "A" Books

Are You Eligible To Vote, Nov 7?

Thursday, September 28, is the deadline to register for voting in the general election, November 7, according to W. H. Augustus, San Mateo County clerk. Any citizen in the county 90 days and in the state one year is eligible for registration. Those who have changed their address since the last time they voted are required to reregister.

At the November election, the selection of a president for the nation and representatives in Congress, as well as State Constitutional amendments will be submitted to the voters.

There are ten registrars available in this area, including: Claude Cattori, 7316 Mission street; E. A. Weisenburger, Town of Colma's city clerk; B. C. Ross, clerk of the City of Daly City, 75 Wellington avenue (hours: 9 a. m. to 5 p. m.); R. G. Davis, 299 Evergreen avenue; John J. Fahey sr., 3 Wellington avenue; Frank W. Kent, 250 Los Banos avenue; Mrs. Violet Hauptli, 87 San Pedro avenue; Mrs. Josephine McHugh, 247 Oliver street; Mrs. Margaret Pettigrew, 6238 Mission street; Ed Trier, 158 Woodrow street.

Police Officers' Ball At San Mateo, Aug. 26

It's not too late to get your ticket for the sixteenth annual ball of the Peninsula Police Officers' association, according to Acting Chief Bill Bolger of the Daly City Police department. Tickets for the gala event will be on sale at the city hall until late afternoon, Saturday, August 26.

The ball takes place Saturday night, August 26, at the B a y Meadows club house, San Mateo, and there's a cordial invitation for the public to attend. Union music will be furnished by Johnny Dell's orchestra.

Men on the local force have been distributing tickets in the Daly City area and urge everyone to attend as proceeds are used for the benefit of the organization's Widows and Orphans association.

Announce Sunday's Baseball Schedule

Daly City's Juniors, local baseball squad, dropped their game, Sunday, August 20, to Marin City by a score of 5 to 4. In the afternoon contest Fort Barry downed the Simmons company, 5 to 3.

With a shift in the schedule announced for next Sunday, August 27, at Marchbank park, the Bayview AC are to meet the LaRocca Seafoods at 12 o'clock, noon, followed by a game between the Daly City Juniors and the Drydocks at 2:30 p. m.

Saturday, August 26, the Daly City Cubs are scheduled to meet the Greater Mission squad in a contest starting at 2 p. m. Last Saturday, the Cubs lost an 8-0 decision to the Father Crowley Seniors.

FIRE DEPT.

When a Greyhound bus, loaded with sailors enroute to Tanforan, caught fire, August 16, at 11:42 p. m., Company No. 1, Company No. 2, and Company No. 6, D. C. F. D., responded and brought the situation under control. The blaze started in the brakes. The alarm was turned in from Box 37, Mission street and Citrus avenue. In charge were Chief A. P. Chesney, Assistant Chiefs Bert Silicani and Arthur Bodien.

Under the direction of Chief Chesney, Company No. 1 and Company No. 2 put out a grass fire on Santa Cruz avenue, August 17 at 2:15 p. m.

A false alarm, August 21, at 8:58 p. m. called out Companies 1, 2, and 4, Chief Chesney, Assistant Chief Bodien, and Battalion Chief Elmer Kennedy. It was from Box 16, San Jose avenue and Flournoy street.

Servicemen's Club Gets Paper Sale Fund

Mistakes are usually costly for someone but here's one that worked to a \$45.42 advantage for the Daly City Servicemen's club, 6201 Mission street. When a number of local residents erroneously placed their waste paper on the sidewalks for San Francisco pickup, the Daly City Street department had to collect the bundles to prevent paper from blowing all over town.

The street department sold the paper, getting it back into channels useful to the war effort, and at the last council meeting the councilmen voted to turn whatever proceeds resulted over to the club.

The Women's Civic club will be hostess organization for the club during the week of August 27. Currently, hosts are members of the Daly City-Colma Lions club. The Women's Civic club will sponsor a dance at the center, Saturday evening, September 2.

Forty-eight To Take Pre-Induction Exam

Fifty-eight men under the jurisdiction of Daly City Draft Board No. 103 have been requested by the armed forces for pre-induction physical examinations, Saturday, September 23. Five men are to report for actual induction, Monday, September 25.

The August 31 induction call is for 42 men and Tuesday of this week, 54 registrants took pre-induction physicals.

Mrs. Isabelle Flynn, chief clerk at the local board office, is on vacation. She will return to her desk, Monday, September 4. (Labor Day's just another work day at the draft board.)

Corporal Bruce M. Davis has returned to England for a furlough after service in France as assistant to a jumping chaplain. The local paratrooper took his basic training at Camp Wolters, Texas, in 1943. He's the son of James L. Davis, 454 Winchester street.

On a recent casualty list for Northern California the name of Private First Class Patrick G. Pollard, Daly City, appeared. His local address was listed as 627 1-2 Templeton avenue. He was wounded in action in the European area.

Sergeant Leonard M. Blake, 80 Rice street, was recently home on furlough.

Now at the San Diego Naval Training station, San Diego, is Lyle Van Der Werff, son of Mr. and Mrs. Andrew Van Der Werff, 1135 Brunswick street. He enlisted in the U. S. Navy just a few weeks ago. He's a graduate of Jefferson Union high school.

Lloyd Selmi, Daly City man now at the U. S. Naval Training station in San Diego, had three visitors from Daly City, 1 a s t week. They were his wife, Mrs. Lloyd Selmi 179-A Hillcrest drive, and Mr. and Mrs. Paul G. Selmi, his sister-in-law and brother.

Another graduate of Jefferson Union high school now on overseas duty is Corporal Lido Cristofani. He's "somewhere in England," which is a long way from the scenes where he used to play football and he reports being "hungry for news from home."

Recent graduate of the Kingman Army Air Field flexible gunnery school, situated a few miles outside of Kingman, Arizona, was 23-year-old Private First Class James Andrew Fox, son of Mr. and Mrs. Ambrose Fox, 526 Crocker avenue, Daly City.

Daly City Area Motorists May Get Necessary Forms At Local Gas Stations

Now that an automobile without those precious little coupons just doesn't mean a thing as a mode of transportation, tomorrow, August 25, is a significant date to every car-owner in the Daly City area. That's the day to begin filing applications for renewal of "A" books with O. P. A. Board No. 83-12-3, 470 Grand avenue, South San Francisco. Miss Genevieve Blue, chief clerk, pointed out that these applications should be submitted by mail. There will be NO over-the-counter issuances, she stresses.

Applications, OPA Form R-534, may be obtained at the board office, or more preferably at one of the following local gasoline stations: Bill's garage, 6806 Mission street; Hammar's Shell Service station, 6098 Mission street; Daly City Super Service station, 6260 Mission street; Secco's Union oil station, Junipero Serra boulevard and School street; Frank's Super Service station, 6200 Mission street; Carr's Service station, 6755

Mission street; Belli Motor company, 7400 Mission street; Colma Super Service station, 7298 Mission street.

When the application has been properly filled out it should be mailed in together with the BACK cover of the present "A" book and the vehicle's tire inspection record. The back cover of the present "A" is that portion of the book entitled "Certification of Bookholder."

These applications should be mailed early to allow the War Price and Rationing board staff sufficient time to process the applications before the present "A" books expire midnight, September 21.

Miss Blue stated that volunteer workers are urgently needed to handle the huge task of issuing "A" books. Anyone interested may secure an application for volunteer duty at the Daly City Record office, 3317 San Jose avenue, or call at the South San Francisco office of the board.

HERE'S A SAMPLE OF HOW TO DO IT

Form R-534, APPLICATION FOR BASIC "A" OR "B" RATIONING. Includes sections for vehicle description, owner information, and application details. Sample filled out by Ruby Ruth Roe, 449 Comet St. San Francisco 3, Calif.

Girl Scouts To Have New Meeting Quarters

It used to be the old Record office and more recently it was a church but now it's going to be a meeting place for Girl Scouts and Brownies in the Vista Grande district—that building at the corner of Mission street and Theta avenue. To be operated under the jurisdiction of the Daly City Girl Scout Council, it will provide the first "permanent home" for Girl Scouts in that section of the city. At some future date it may be utilized as a council headquarters but plans are indefinite.

Repair and clean-up work on the new Scout House will begin at once. Groups which will make it their center for meetings when it is ready for occupancy are Girl Scout Troop No. 2, Girl Scout Troop No. 4, Brownie Troop No. 8, and Brownie Troop No. 9.

Saturday, August 26, Brownies under the leadership of Mrs. Betty Eschenauer will be in charge of the War Stamp sales booth in front of Warshawski's Dry Goods, 6340 Mission street. The public is asked to cooperate as the girls are anxious to continue their splendid record of War Bond and Stamp sales.

Police Investigate Attempted Burglary

Probable loss of valuables was forestalled at Hilltop lodge, 22 Hillcrest drive, August 21, when Manager Joe Rossi returned to the place at 3:45 a. m. Hearing a commotion in the dance hall, he immediately investigated but the intruder fled up Bepler street. Rossi called Daly City Police and when Officers Roland A. Petrocchi and Roy Beecher responded they found that whoever it was had gained entrance through the skylight. He had already torn part of the ceiling off over the dance hall when the manager's return interrupted his early morning activities. The manager reported to the officers that nothing seemed to be missing.

That accidents sometimes have far reaching effects must be a point to which John Ravara, 157 Market street, would readily accede. His garden was entered by seven head of cattle, August 20, shortly after 8 p. m. They stayed until 8:45 p. m. when they were called for by Sergeant Ricco Benedetti and Officer James Welsh.

No More Fees, Deposits For Jeff High

Stanford Hannah, superintendent of the Jefferson Union High School district, announces that there will be no fees and no deposits for materials such as paper, pencils, mechanical drawing equipment, and towels at the high school, this fall. The new policy was adopted by the board of trustees at their August meeting. At the same board session, the contract for drilling a new well for the school was let. It went to John Pitcher. The well is expected to increase the efficiency and capacity of the water system which is maintained for the school's own use.

Superintendent Hannah reports that Miss Beth Learned, faculty member, is seriously ill and would be unable to return to classes until January, at least. In her place, Mrs. Ruth Olson Battle has been engaged as substitute.

Crafts, which were dropped last semester, will be resumed this fall, with Morris Pleason of St. Paul as instructor. Metal, leather, and ceramics will be offered.

Local high school students will go back to their class rooms after the vacation period, Monday, September 11. A faculty meeting is scheduled for Saturday, September 9.

Local War Chest Needs Volunteers

Dozens of volunteers will be needed to successfully carry on Daly City's War Chest campaign, this year, according to Mrs. Clara E. Lane, chairman for the drive, which will begin here in October. She reminded residents that War Chest funds are used to administer to the comfort and happiness of the armed forces and prisoners of war, as well as supporting many worthwhile home-front agencies.

This is the second time that San Mateo county has participated in the War Chest and Daly City, like other communities of the Peninsula, is expected to make a good showing. Since so many residents here work in another county a plea was made again this year to "give where you live."

Those who can give to this vital civic undertaking are invited to contact Mrs. Lane at Randolph 4503 or one of the three division leaders whose appointment was announced this week.

These division leaders are Mrs. Mary Crane, 140 Woodrow street, Randolph 6479, for Vista Grande area; Mrs. Hazel Marsh, 301 Wellington avenue, Randolph 0690, southern section of the city; Mrs. Cecelia Hale, 599 Crocker avenue, Delaware 9415, Crocker area.

Colma incorporated and Colma unincorporated will conduct a War Chest for their section, too, and representatives of the various organizations in that area are to meet in the near future to organize their drive. Mrs. Ralph L. Low, county field representative, visited Colma leaders, several weeks ago, to insure Colma's usual splendid cooperation.

Judge Aylett R. Cotton is San Mateo county campaign chairman. Last year the county exceeded its quota by approximately \$4,000. The 1944 national War Chest goal is \$250,000,000.

CITY COURT

At Friday's city court session, August 18, Judge William J. Sweeney found Mary Beck, 6925 Mission street, guilty of violating City Ordinance No. 209 and fined her \$10. "Guilty" was also the verdict for Joseph P. Alexander, 155 Blake street, San Francisco, who was fined \$50 for drunken driving.

Other fines meted out, Friday, included: \$15, speeding, George John Schulz, Sunol; \$1, signal, Augustin Aliba, 4 Balmy street, San Francisco; \$5, speeding, Opal Davis, Texas; \$150, arterial stop, Ralph Patsel, 36 Monticello avenue, San Francisco; \$5, leaving vehicle unattended, Tony Govia, 37 Lessing street, San Francisco.

"Guy Named Joe" At Local Theatre

"A Guy Named Joe," the new movie at the Daly City theatre, is a mellow and different romance, a delightful mixture of realism and fantasy guaranteed to please all movie audiences. In the Air Force any pilot is "a guy named Joe," and in the film, both Spencer Tracy and Irene Dunne, who co-star, are pilots.

Tracy is cast as a daredevil and foolhardy pilot whose exploits are the despair of his superior officers and the adorable Ferry Command pilot who loves him, played by Miss Dunne. Sensing that his number is up, she begs him to return to the States with her as an instructor. He accedes, but in a last reckless fling he is killed bombing an enemy carrier.

He finds himself in a strange place—pilots' "heaven." There he is taken to the "General" played by Lionel Barrymore, and learns that pilots never die, they live on in spirit helping younger pilots to master their craft. Tracy is assigned to guide Van Johnson, a bright young Joe just learning to fly. With the aid of his unseen mentor, Johnson becomes a proficient flyer and under his influence begins to assume his characteristics.

When Johnson is assigned to active duty in New Guinea, Tracy goes along and watches his young charge meet and fall in love with Miss Dunne, who is on duty in the area. She sees the same things in Johnson that she had loved in Tracy, and falls in love again with the youngster. At first, Tracy resents this, but after a thrilling climax realizes it is for the best and the only way all three of them can be happy.

Spencer Tracy as the daredevil pilot delivers a performance that ranks favorable with his Academy Award winners of the past and creates a character that will live long with moviegoers. Miss Dunne, lovelier than ever, stands out in her part.

Vacation Bible School To Close

Closing exercises for the vacation bible school which has been conducted for the past two weeks by Grace Church of the Nazarene will be held in the main section of the church, Vista Grande and Santa Barbara avenues, tomorrow evening, August 25, beginning at 7:45 o'clock. Reverend D. C. McKisson, pastor of the church, cordially invites parents and the general public to attend.

During the time the school has been in session, average daily attendance has been 88. Special speakers have included Mrs. Kottinger, of the W. C. T. U.; Philip Todd, Y. M. C. A.; Mrs. Edna E. Vasey, child evangelism worker; and Mrs. Helen Edminister.

Junior girls who assisted in the various departments were Ellen Reardon, Shirley Miller, June Lemon, and Shirley Van Vliet. Several of the older boys helped with the crafts. To the list of instructors previously announced is added the name of Mrs. Maud Busby.

Superintendent of the vacation bible school was Mrs. Grace L. Wheeler.

NEW BABIES

New babies in Daly City include a daughter born, August 15, to Mr. and Mrs. Carl E. Crawford, 63 Crocker avenue, and a daughter born, August 9, to Mr. and Mrs. E. P. Kemmerling.

ON VACATION

Mrs. M. Pauline Brown, Colma, has returned home after spending several weeks at the Mountain Home ranch in Calistoga.

NOW AT DALY CITY THEATRE

One way to win over your sweetheart in a scrap is to buy her pretty clothes. Which is exactly what Spencer Tracy does for Irene Dunne in M-G-M's thrilling air adventure film, "A Guy Named Joe," now at the Daly City theatre. Miss Dunne has been in a flyer's uniform so long she almost forgot how it feels to be in a real dress, but leave it to Tracy, he can anticipate a girl's mind, particularly his sweetheart.

OBITUARIES

Robert William Adams

Funeral services were held, Saturday morning, August 12, for Robert William Adams, only son of Mr. and Mrs. William I. Adams, 1215 Brunswick street. After leaving the mortuary of W. C. Lasswell and company, the funeral procession went to Our Lady of Perpetual Help church where a solemn requiem high mass was celebrated at 10 a. m. Interment was at Holy Cross cemetery.

Adams, who was only 17, died at his parents' home, August 9, following a long illness. He had attended Our Lady of Perpetual Help parochial school and Continuation school in the city. One of his major interests was photography.

In addition to his parents, he is survived by his aunt, Miss Catherine Doerr, who has been here with his mother for the past several weeks.

Bernarth Kraus

Bernarth Kraus, well-known in Daly City where he conducted the Fix-It-Shop at 6173 Mission street, died suddenly in Redwood City, August 21. Funeral services were held, this morning, August 24, 11:30 a. m. at the W. C. Lasswell and company mortuary. He had been in business here since 1932.

Interment was at the Home of Peace cemetery.

Kraus was a member of the B'nai Israel here and took an active interest in congregational affairs.

You Can Have A Job With A Future in Air Transportation

You want to do your part in the war effort but at the same time you have to think about the future. Before the war United Air Lines had 4,300 employees and within four years after the war it will need 18,000 workers. You can take part in this war program today and also participate in the post-war expansion in air transportation.

At San Francisco Airport today, United Air Lines needs men for the following positions: sheet metal, instrument repair, welding, plane overhaul, engine overhaul, plane operations, cargo handlers, utility plane cleaners, janitors, engine parts cleaner, part-time porters, and accounting clerk.

At United Air Lines you receive these benefits—vacations with pay, insurance protection, periodic wage review, and retirement plan.

See us about that job with a future. Two offices: San Francisco Airport, Bayshore at San Bruno Avenue and 421 Powell Street, San Francisco.

climax was an auto accident on Junipero Serra boulevard. At 8:05 p. m. John Wannamaker, Utah, driving a Ford coupe, collided with Theodore Martin Nella, Petaluma, whose flat bed truck was loaded with cattle at School street. The truck turned over on its side, landing on the east side of the boulevard. The cattle ran away (as who wouldn't have?) and were later recovered in Ravara's garden by the officers.

August 18, 1:30 p. m., Edgar Dale, 3230 San Jose avenue, reported a theft to the local police. He said that from a Dodge sedan which he had parked in front of the Safeway store, a wheel, tire, and tube had been taken.

Officers August Benassini and Roy Beecher investigated an accident, August 17, at 12:40 a. m. when a Hudson coupe ran over the sidewalk and struck the bulkhead in front of 6711 Mission street. Both occupants of the car were injured. They were Norma Walker, Millbrae Auto court, and William Vogel, U. S. Navy, Tanforan. Officer Dean Wood and Emil Bertelli rushed them to Alemany Emergency hospital in the county ambulance where they were treated, respectively, for a lacerated left upper eyelid, nose, face, and an injured chest.

August 16 at 11:05 p. m. when Mrs. Stanivich, 271 Woodrow street, was unable to get a doctor, Sergeant Benedetti took her to Alemany Emergency for treatment of a sprained left foot, received when she fell at her home.

Seriously injured in an auto accident on Skyline boulevard, one mile south of Angelo's, Martin Francisco Ryan, 543 Hayes street, San Francisco, was rushed to medical care by Officer Dean Wood and Poundmaster Archie Banfield in the county ambulance, August 15, 3:10 p. m. He was taken to Mills hospital for emergency treatment and later to Community hospital. He had deep cuts on the top of his head, left arm, left shoulder and side, possible fractured skull and a bad case of shock.

Colma PTA President Moves To Illinois

Mrs. Dorothy DeLeon, president of Colma P. T. A., this week resigned her position with the unit due to moving away from the community. She will be living in Elgin, Illinois, where her husband, Manuel DeLeon is to be associated with The Borden company.

The unit reminds the public that it will give a night whist, Friday, September 22, at Holy Angels parish hall, San Pedro road. Chairman is Mrs. Marjorie Dunkel.

Hillcrest Druids Announce Whist Party

Issuing a cordial invitation to the public, Hillcrest Circle No. 143, U. A. O. D., announces a whist party for Monday, August 28. It will be held at Masonic hall, 17 Hillcrest drive, at 8:30 p. m. A pleasant evening is promised by the chairman, Mrs. Hazel Keagle.

Preceding the public whist, members of the circle will hold a business meeting at 7 p. m.

Reminder For Holy Angels Church Benefit

A reminder for whist enthusiasts of the district was issued, today, by parishioners of Holy Angels church who are giving a benefit card party, tomorrow night, August 25, at parish hall, San Pedro road. Playing will begin at 8:30 p. m.

Proceeds from the whist will be turned over to the building fund of the church.

Here's What Not To Send To Board

Motorists who wish to renew their basic "A" gasoline rations were cautioned, today, by Kenneth R. Lowell, acting district rationing executive for the Office of Price Administration, not to attach the State Bureau of Motor Vehicle certificate of registration to their applications for renewal unless the passenger car is newly acquired.

The application for renewal of an "A" book should have only two papers attached when it is mailed to the applicant's local board, Lowell said. The motorist must attach the BACK cover of his present "A" book and his tire inspection record, Lowell emphasized.

"Needless work is created for already busy volunteer War Price and Rationing Boards when certificates of registration are attached to "A" book renewal applications," he stated.

DRAMA IN THE AD COLUMN

To students of modern history, the classified columns of newspapers are as important in composing the picture of an era as battles, dates or the oratorical profundities of politicians spread so lavishly over the front pages.

Where else but in the classified "help wanted" columns can one measure the startling contrast between the conditions of labor today and its status ten years ago, say, during the depression? Then, the pages were heavily burdened with pleas for work, spreading column on column the tragic tale of want and worry. Now, the columns carry the happier story of good jobs everywhere, with high salaries and new incentives competing for the worker's attention.

Where else but in the classified ads can one find a better picture of the housing shortage prevailing in most of California today? A few years ago every community had its quota of vacant houses and unoccupied business buildings. People couldn't afford to rent them, and every community's loss was reflected in its lengthy "for rent" columns. Today, with war workers and new residents cramming the Coast, the want ads, particularly in the metropolitan areas, plead for living quarters.

As perhaps no other medium, the classified columns of newspapers image the daily lives of the people, their comings and goings, their routine transactions, their economic condition.

Today they show a people readjusting their lives to new requirements, working at unaccustomed tasks, making the best of war-time shortages by exchanging among themselves the things needed to ease the burdens of war.

Tomorrow, those same people, newly united with their sons and daughters now in war services, will still be going about the prosaic but inspiring business of living in an era that mirrors its own moods and records its own doings so faithfully, in its classified advertising columns.

WANTED: MORE MAIL FROM HOME

Did you ever hear of a soldier getting too much mail? Neither did we. There just isn't any such thing. And it is well to bear that fact in mind.

Mail from home is just as important as food, ammunition and guns. If the men "out there" or "over there" don't hear from their families regularly, they get worried—and worried soldiers can't fight as well as those who are frequently reassured that all is well back home. Even when a fighting man must be told that things aren't so well, it is better for him to know it than to hear nothing at all. One should be very sure, however, that unpleasant news is something which the serviceman should know before writing it.

You may have heard of the group of American soldiers who were surrounded by the Japs. Word got through that the mail had just arrived in camp. The Japs were killed in the rush of those boys to get their mail. Yes, it does sound like a tall story, but it brings out the point that our men in service "go" for mail as they do for nothing else.

So write often. Short letters sent frequently are better than lengthy ones written only occasionally.

If we do the writing, they will do the fighting. Certainly that isn't asking too much of us.

PARIS

The "march to the east" has long been looked upon by the Germans as necessary to the fulfillment of the "destiny" of the Fatherland.

Now the Germans are marching east—east from Paris.

The fall of that city cannot fail to give Frenchmen, both in France and throughout the world, a sense of joy unparalleled in their modern history. To no other nation does its capital city mean more than Paris does to France. As has been said, Paris is France.

For more than four long years that beautiful metropolis has been the tomb of memories of a France that was once gay and free. On June 14, 1940, the Nazis swarmed into the city without a shot being fired in its defense. The French armies were too demoralized to repeat the miracle of the Marne. The French people were bewildered and confused. Unlike the British, they did not have a Churchill to rally them with magic oratory and bold defiance of the foe. Their leaders failed them in the hour of national travail. Worse still, some of them had already betrayed them to the Nazis.

It has taken four years of intense military preparation from without and incessant sabotage from within to bring the hour of liberation for Paris. Freedom for the entire nation cannot be far distant.

At this time in 1940 the outlook for France seemed hopeless. Hitler was poised on the Channel coast to strike the blow against England that would complete Germany's domination of Europe. The air blitz against London was already under way. Hitler's jubilant troops awaited only the word to "sail against England." That word never came although scores of thousands of his men succeeded in reaching England—as prisoners of war.

Now the nightmare of Hitler is beginning to fade from France. The people of Paris can once more look up, for "the darkness is past, the day is at hand."

San Mateo County Blood Bank Issues Urgent Appeal For Volunteer Donors

An urgent appeal for volunteer blood donors was issued today by the San Mateo County Blood Bank, 25 South El Camino Real, San Mateo.

The increasing demand for whole blood and plasma occasioned today's appeal by Miss Evelyn Tennis, blood bank staff member, who said:

"The county blood bank maintains an emergency supply of 1000 units of plasma. These are kept in the three major hospitals of the county and in fire stations on the coast side.

"This bank of a thousand units is to cope with any large scale emergency demand. From time to

time it is drawn on to fill the needs of hospitals. However, at the time of withdrawals like amounts are replaced in order to keep the supply fresh and maintain it at its 1000 unit level.

"Now, with increased demands on the county blood bank it is necessary for more donors to show their patriotism, so that we may meet all demands and not lessen our 1000 unit mark in reserve stock.

"We ask donors to telephone San Mateo 3-1424 for an appointment. It takes but a few minutes time. It is painless and it is not injurious to become a blood donor."

Geary Farce Draws Capacity Crowds

"Good Night Ladies" continues to prove itself the wonder show claimed by taxing the capacity of the Geary theatre at every performance and keeping the fun-loving public in continuous roars of laughter.

After a month's stay, the screamingly funny farce gives promise of breaking all attendance records at the popular San Francisco playhouse, as it has done elsewhere, instanced by a continuous run of 100 weeks in Chicago. That engagement was terminated when still attracting capacity attendance, due to existing commitments made earlier for the theatre. The same condition threatens to cut off all further opportunity to see "Good Night Ladies" at the Geary at almost any time now, regardless of the ever increasing demand for seats. Hence, wisdom dictates making immediate reservations.

Its featured comedians, John Hubbard, Wynne Gibson and Russ Brown, have established themselves strongly in the affections of the Bay Cities' public. Their popularity is shared by other well known members of the big cast, drawn, like themselves, from the ranks of film favorites, and by the bevy of beauties that lend decorative values as well as laughing opportunities. Saturday and Sunday matinees continue to be featured and to draw capacity crowds.

Tuesday, August 29

Extension Service

Plans Radio Program

Farmers, victory gardeners, suburbanites, and home makers will form the radio audience for a new breakfast hour program by the Agricultural Extension Service, University of California, to be broadcast over KQW, beginning Monday, 6:15 a. m., August 28.

This new public service feature of KQW, Country Life Journal of the Air, will stress farming and food production in the Bay Area counties, and members of the staff of War Emergency Food Production Assistant L. C. Barnard, of the Agricultural Extension Service office in Santa Clara and San Mateo counties, will participate in the program from time to time.

Timely problems and news of interest to such an audience will be broadcast every week day at that hour. Farmers, home-makers, 4H Club boys and girls of Santa Clara and San Mateo counties will occasionally be guests on the program. Specialists from the Agricultural Extension Service will be interviewed on subjects of interest and educational value to farmers and home food production listeners.

READING & WRITING

BY Edwin Seaver AND Robin McKown

One of the most fantastic episodes of the war in the South Pacific is the story of the crew of the U. S. S. Scimitar, officers and sailors all fresh out of training school, who captured the Japanese destroyer the Hokaidoze, rechristened it the U. S. S. Hokeydokey, and used it to destroy an entire Japanese convoy.

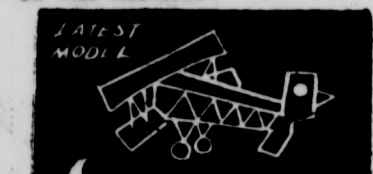

The full details of this amazing adventure are told in "Boomerang" by Commander William Chambliss. Commander Chambliss was one of the only two seasoned navy men on the Scimitar. But what the others lacked in sea-going experience, they made up for in other ways.

Marston, the gunnery officer, had been a prosperous banker before the war. For his vacations he had done a bit of duck-shooting. When a Japanese plane threatened to bomb the ship, he brought it down with one shot. When the skipper, who knew how limited his gunnery practice had been, asked how he had done it, he explained, "The theory of shooting down a plane from the surface is just like shooting ducks. Only with the duck, you just get one shot."

Then there was Ensign Bull, a former commercial photographer. He was the one who suggested they camouflage the ship with palms and spray lacquer on the leaves to preserve them—the same way he had done with plant props in his work. It was through that disguise that the Scimitar was able to surprise and capture the much larger Hokaidoze.

The story of "Boomerang" should make a rousing movie and has, in fact, already been bought by Twentieth Century-Fox.

The Book-of-the-Month Club selection for October will be "The World of Washington Irving" by Van Wyck Brooks. This is the third "panel" on the great mural of American literature Mr. Brooks is creating. The first two volumes were "The Flowering of New England" and "New England: Indian Summer" which was also a book-of-the-month.

Designs that could be exhibited without arousing suspicion.

In "Traveler from Tokyo" John Morris tells of some of the elaborate precautions the Japanese took to conceal their military strength. A few years back there was an exhibition in Tokyo, at which were displayed various types of military aircraft by different countries of the world. Most nations contributed, if not their latest models, some of fairly recent design. But prior to the exhibition the Japs held a meeting to decide, not, as might be supposed, what latest models might be safely shown, but what were the most obsolete

"The Waltz King" To Open At Curran

The popularity of the enchanting and immortal music of Johann Strauss is undoubtedly the reason why "The Waltz King" opening at the Curran, San Francisco, Monday, August 28, which gay operetta depicts in music a n d story of the life, loves and music of Strauss, broke box office records last year when in but nine weeks of its run, playing Los Angeles, San Francisco and Chicago, the piece grossed over a quarter of a million dollars. At the Curran in 1943 it packed the capacity Curran for three solid weeks.

Richard Bonelli, of the Metropolitan Opera, sings this season once again the role of the colorful Johann Strauss. Charlotte Boerner, popular concert recitalist, is the new Henrietta; Anthony Marlowe and Marjorie Cooke sing their original roles. Litzie Helm is the vixenish Vicky; Jack Gardner, popular stage, screen and radio comedian, furnishes chief amusement as the Prime Minister; James B. Carson is Mandel, and Monroe Manning plays the interpolated Count Poleski.

A large singing chorus augments the symphony orchestra. The Kathryn Etienne ballets "The Fountain" and "The Emperor's Ballet" headed by American prima ballerina, Beth Dean, and assisted by Hubert Bland, Ivy Kirby and Lois Goodman, stop the show at every performance by their colorful choreography.

The entire production of "The Waltz King" has been staged by Theodore Bachheimer, an authority on Straussiana, with management of Eugene Schwartz.

There will be a bargain priced matinee Wednesday, August 30. Regular matinees are every Saturday and Sunday.

Local Woman Gets Good News

Miss Gertrude Squier, 474 Parkview avenue, has received the good word that her nephew, Lieutenant Eugene R. Squier, pilot of a B-26 Marauder missing in action over France since July 8, has been reported safe. He and his crew were forced to bail out over enemy territory after their ship was hit. The report said that they were able to hide from the enemy for more than a month, eventually making their way into Allied territory.

Lieutenant Squier was born in Daly City. His parents, Mr. and Mrs. Raymond Squier lived at 452

Mrs. Louise Cook Back From Vacation

Mrs. Louise Cook, of the Daly City Water department office, returned last Tuesday from a month's vacation, during which she crossed nineteen states, sight-seeing and visiting interesting and historical places en route. Among places of particular interest to her were New Orleans, Atlanta, Georgia; Hampton Roads, Washington, D. C., Chicago, and Fort Bragg, North Carolina. Her son, Fletcher Cook, is at Fort Bragg, which is one of the largest forts in the United States housing from 150,000 to 200,000 men.

He is a lieutenant in the Army Administration department.

While at Fort Bragg Mrs. Cook saw Peter Tolovi, Theta avenue, Daly City, who is there in the Coast Artillery department. He sends greetings to his friends and would like some Daly City fog for a change, Mrs. Cook said.

Both Parties Back Proposition No. 1

Leaders of the Democratic and Republican parties in California have announced the unanimous endorsement by their respective organization groups throughout the State, of Proposition No. 1, the \$30,000,000. World War II Veterans' Farm and Home bond issue, for ratification by the voters of California on the November 7 general election ballot. The platforms of both parties, drafted and adopted at their pre-Presidential election conventions in Sacramento recently, contained special sections praising the activities and benefits of the California Veterans' Welfare Board for service men and women of World War I.

What makes a train run?

When a train such as the *Cascade*, *Overland Limited*, *Golden State Limited* or *Sunset Limited* thunders by, all you're conscious of is the thrill of a thousand tons of steel going places. You may catch a brief, friendly wave from the engineer, but he's about the only man you see.

The purpose of this advertisement is to take you behind the scenes and show you how many men and women are necessary to make a train run. The locomotives, cars and tracks are only the tools with which these people work.

2 Track Workers "manicure" every foot of Southern Pacific's 15,000 miles of line. Carpenters and Bridge and Building Men maintain the countless bridges, tunnels and trestles.

3 Signalmen, Electricians and Linemen regularly inspect and repair the thousands of miles of wire, and all the signals, motors and apparatus it takes to run trains safely and on time.

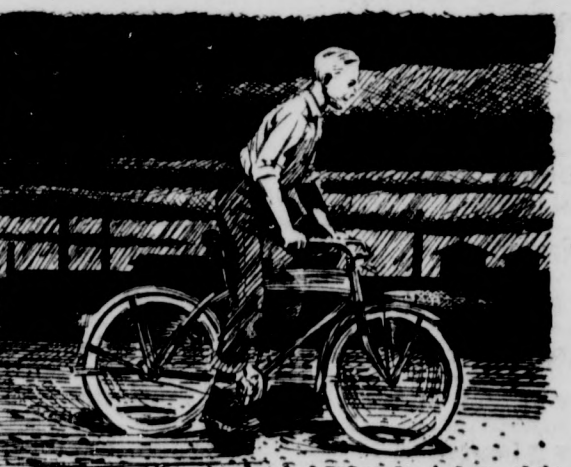

5 Lubricators, Greasemen, Boiler Inspectors and their helpers give locomotives a thorough going over at the end of every run, put them in tip-top shape.

6 Machinists, Blacksmiths, Boilermakers, Carmen, Sheet Metal Workers and other craftsmen repair war-worn equipment for the busy Main Line.

8 Car Cleaners, Car Inspectors, Air Brake Inspectors and Electrical Inspectors are among the thousands of workers who help to make the railroad run.

9 Last but not least, the Call Boy — smallest cog in the railroad machine. He wakes up the train crew and makes sure they report for duty on time.

1 Besides the Engineer and Fireman, a long distance train usually carries Railroad and Pullman Conductors, Brakemen, Porters, Steward, Cooks, Waiters, Baggage men, Mail Clerk, Express Messenger. For example, our streamlined *Daylight* (San Francisco-Los Angeles), requires 62 people.

4 Dispatchers control the movements of trains, sometimes automatically by "Centralized Traffic Control" (see above). Telegraphers receive train orders and report train movements.

7 Commissary Workers make sure that only the finest food is prepared in S.P. diners. Last year Southern Pacific served more military meals than any other two railroads combined!

HOW IT'S DONE IN THE AMPHIBIOUS FORCE

—Official U. S. Navy Photo
Raymond E. Kohmann, right, motor machinist's mate second class, of Daly City, is telling Song Writer Johnny Mercer how it's done in the Amphibious Force. He was a member of a crew which took Mercer riding in a landing boat when the composer visited Landing Craft school, Amphibious Training base, Coronado, California, preparatory to writing a song for the amphibious unit.

Bluejacket Kohmann is the son of Mr. and Mrs. Walter Kohmann, 814 Bellevue avenue. In June, 1943, he was graduated from the Navy's school for diesel operators on the campus of Iowa State college, Ames, Iowa.

ed the Army at San Francisco, California, October 9, 1943. He attended Jefferson Union high school.

As a student gunner at the Kingman school Private First Class Fox went through a ground school course in which he was taught the principles of ballistics, sighting, turret maintenance, range estimation and aircraft machine guns. Following a protracted course on the gunnery range, where he shot the .22 rifle, shot-gun and calibre .30 and .50 machine guns, he was given two weeks of air firing before being presented with his gunnery wings.

Silvio Tringali, R. M. 3-c, U. S. Navy, graduate of Jefferson Union high school and former clerk at Vireno's market is now overseas at an undisclosed seaplane base. He has been out of the states for 16 months.

Recently, on an island in the South Pacific, he met his father-in-law, Lieutenant Schmidt of the Merchant Marine. They had a day together and Tringali wrote that it was certainly wonderful to see

someone from home.

Tringali's wife, the former Miss Wilma Schmidt, lives in Redwood City.

HEADQUARTERS, 82nd AIRBORNE DIVISION, NORMANDY—Several hours before H-Hour on D-Day, hundreds of paratroopers floated into France for the first attack on the enemy on the continent of Europe.

Dropping from the skies with camouflaged parachutes, the men, members of an infantry regiment of the 82nd Airborne Division, floated down over the Cotentin peninsula into action. Their job was to prevent German forces from reaching the beachhead and to clear the way for our ground troops who were following closely behind.

Most of the fighters from this regiment, including Corporal Bruce M. Davis, 454 Winchester street, Daly City, landed in an area around Chef du Pont and met

some machine-gun fire before they hit the ground. There was sporadic mortar fire, too, but somewhat inaccurate. Snipers were all about. The paratroopers fell everywhere—in water, swamps and trees—and almost every man found himself face to face with the enemy, exchanging fire. For nearly 34 hours, the men were in constant contact with the foe.

Two strong German divisions were prevented from interfering with our ground assault forces until the beach landings had been accomplished and the beaches secured. To achieve this, the regiment captured the town of Ste. Mere Eglise, held bridges over two rivers—the Merderet at La Fiere and at Chef du Pont, and the Douve at Pont l'Abbe and at Beuzeville la Bastille.

This is a job for a man who wants not only good pay, but really interesting work . . . for a man who's sincere and reliable. The job: Brakeman with S.P. No experience needed to start; we train you in short order. You help operate trains . . . make a team with the Conductor and Engineer. You get around, keep the war trains rolling through. You work with a company whose biggest war job is still ahead—carrying the tremendous war load for the stepped-up push against Japan. Frankly, this is a job that gets in your blood . . . makes you feel that railroading is different from anything else. Fine pension plan. Railroad pass privileges. Medical service. Good people to work with. Investigate today. Student switchmen (to switch cars) needed also. \$220 per month after short training.

See or write S. P. Employment Office, 33 California St., San Francisco 11, or your nearest S. P. Agent.

DALY CITY MARINE REPORTED DEAD

On the list of Northern California casualties announced by the Navy department, August 18, was the name of Private First Class Eric H. Johnson. He was reported dead. His wife is Mrs. Eric H. Johnson, 246 Miriam street. He was a member of the U. S. Marine Corps Reserve.

Ability and Responsibility

WHEN a particularly tough and important job comes along, it usually lands in the lap of someone who is already doing a lot of other jobs well.

People like this—who are used to getting results—aren't too plentiful. They need to have both ability and a sense of responsibility. One alone won't do—for ability can sometimes be misdirected, and a sense of responsibility without ability can lead to troublesome meddling.

It's men with this combination of talents who have been carrying a heavy load on the home front these past few years. On the farm and in industry they've been meeting—and solving—the difficult wartime problems of production.

After the war is won, somebody must shoulder the equally big job of getting this nation back into peacetime production, of laying the groundwork for the better and more prosperous America we all want. This is a challenge, and an opportunity, for the producers of America—for the men and women who have a sense of responsibility and have shown their ability to get things done. LIFE INSURANCE

for

Household Appliances

It's a Good Policy

to

DURATIONIZE
with Timely Care and Repair

There are three things you can do to insure longer life and better performance from your household appliances . . .

1. **Handle with care.** Your appliances are not as new as they used to be—so give them old-age care. Avoid sudden jars or jolts. Be careful not to overheat them or overtax their capacity for work.
2. **Take care to stop wear.** Brush out the small collection of dirt and dust that gathers on appliances. Where needed, "doctor up" moving parts with a few drops of oil. Use a screw driver and cinch up loose screws or bolts.
3. **Duration-ize with timely repair.** When any appliance begins to "act up" and persists in making funny noises, call a repair man. Tell him what the trouble is and get that trouble remedied as soon as possible.

You will probably not be able to buy new appliances for a long time. Take care of what you have. Keep them in repair. Ask our local office for name of Authorized Service and Repair Dealer.

Vegetables taste better, cooked right!

Use the fresh vegetables that are available now, ingeniously. Make them more enjoyable, for the whole family! Modern methods save your time, and make them taste better. Here are some Bureau-tested hints:

FRESH CORN

Boiled corn-on-the-cob rarely requires more than 10 minutes' cooking time, often less. Cook only a few ears at a time, in a large amount of boiling water.

Broiled corn-on-the-cob takes about the same cooking time (put the husked corn about 3 inches from the broiler unit, and brush with butter or margarine from time to time).

Don't forget to serve such delicacies as Corn Chowder, Corn Fritters, Corn Pudding.

FRESH PEAS

Cook them uncovered in a small amount of water, from 10 to 25 minutes. There should be hardly any water left when the peas are finished. Toss in a sprig of mint for special flavor.

A pound of peas, as you buy 'em, will result in 2 generous or 3 small servings. A pound of shelled peas equals about one cupful.

TOMATOES

Broil halves of unpeeled tomatoes with cut side up (rack 4 inches from broiling unit); after 5 minutes, dot with butter or margarine and season with salt and pepper; broil 5 minutes.

Slash a medium peeled tomato almost through several times, vertically, and fill in between with cottage cheese or sliced avocado or cucumber.

SUMMER SQUASH

Figure about 1 1/2 pounds of summer squash for 6 servings.

To saute, cut in 1/2-inch slices, dip in flour (well seasoned), and saute in butter or margarine till browned (about 10 minutes).

Sugar Lace on a Layer Cake is A Novel Climax on Picnic Menu

STAY-AT-HOME picnics are fun. So if there isn't gas enough in the family car for a Labor Day jaunt and if you don't enjoy a long tramp with a knapsack lunch on your back, mark the holiday with an al fresco meal in the garden or on the porch.

Keep the meal simple, but take advantage of the fact that it will be served within a few feet of the kitchen and specialize on chilled salad fixings and iced drinks. It's good hostess technique to serve decaffeinated coffee so that everybody can relax taut nerves over cooling extra glasses. Be sure to let it percolate from 15 to 18 minutes to bring out its rich coffee flavor. You can get around the cream shortage by serving Coffee Froth, made with whipped evaporated milk. You'll find a refrigerator dessert, ice cream or a luscious layer cake that would be difficult at an ordinary picnic quite feasible on this stay-at-home menu.

A novel cake for dessert consists of fresh layers split and put together with a chilled, prepared chocolate pudding, topped with powdered sugar sifted through a lace paper doily to make a pattern.

Coffee Froth

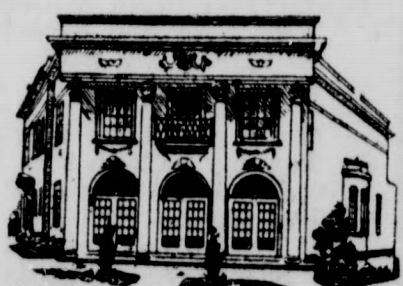

1 cup evaporated milk
2 1/2 teaspoons vanilla
Cinnamon
6 cups freshly made, hot decaffeinated coffee
Chill evaporated milk thoroughly. Then whip rapidly until stiff. Add vanilla. Place in serving cups, filling half full. Sprinkle with cinnamon. Fill cups with coffee. Makes 8 servings.

Is Cooking Really 'Dangerous Profession'?

This year's June bride who is just about now making good use of the arnica and adhesive tape might echo the declaration of Paratrooper Romeo Casavant, a cook at the Parachute school, Fort Benning, Georgia, that "cooking is a dangerous profession."

Convalescent from a shell fire wound after participation in heavy overseas action with a famous Parachute Infantry Regiment, T-5 Casavant declares he is getting more burns and cuts every day as a cook than he ever got in combat. He plans to work for a dairy after the war because he never heard of any one "burning his hands on a cow."

Chocolate Cream Sugarless Cake

2 1/4 cups sifted cake flour
2 1/4 teaspoons double-acting baking powder
1/2 cup butter or other shortening
2 teaspoons grated orange rind
1 1/4 cups corn syrup
3 egg yolks, beaten until thick and lemon-colored
1/2 cup milk
1 1/2 teaspoons vanilla
3 egg whites
1 recipe prepared chocolate pudding

Sift flour once, measure, add baking powder and salt, and sift together three times. Cream shortening with orange rind; add syrup very gradually, by tablespoons at first, beating very well after each addition to keep mixture thick. Add 1/2 of flour and beat until smooth and well blended. Add egg yolks and beat well. Add remaining flour in thirds, alternately with milk in halves, beating very well after each addition. For best results, beat cake very well at each stage of mixing. Add vanilla. Beat egg whites until they will hold up in moist peaks. Stir quickly but thoroughly into batter. Bake in two greased 8-inch layer pans in moderate oven (375° F.) 30 minutes, or until done. Or bake in two greased 9-inch layer pans 25 minutes, or until done. Cool.

Prepare chocolate pudding as directed on package, reducing milk to 1 1/2 cups. Cool. Split layers in half. Spread pudding between layers, arranging a cut surface of cake against a baked surface to avoid slipping of layers. Sift powdered sugar on top of cake. If desired, sift sugar over lace paper doily on top of cake to make design. Remove doily carefully.

Are you entitled to wear a "target" lapel button? You are if you are investing at least ten percent of your income in War Bonds every pay day. It's your badge of patriotism.

Mrs. America Meets The War - -

Mrs. America, don't throw away the BACK cover of your old "A" ration book if you aren't planning to wear your jalopy. Renewals for the new "A" gasoline ration will start, Friday, August 25. You may get your application from your local board or any service station. Then attach your tire inspection record and the back cover of your old "A" book and mail it to your board. It's as simple as that!

There's been a rumor going around that there's to be a holiday—but it isn't sugar says OPA. If you are in the home canning for resale business you may secure up to 250 pounds per family unit, but you must follow the same rules as any other dealers.

If you are feeling blue after paying your bills on the first of the month just remember you have made fifty points. September 1 five more blue stamps worth ten points each will become valid for an indefinite period. You will then be able to spend stamps G-5, H-5, J-5, K-5 and L-5.

Have you recently picked up bag and baggage and moved into a new city? Perhaps then you are trying to equip your temporary home with second-hand household equipment. When you are shopping remember to keep an eye peeled for the merchant's maximum prices. They will protect against any overcharges.

Mrs. America, if you are planning to dine out remember that restaurant prices are now under price control. When you scan the menu watch for the standard placard 28" x 21" which lists the items and prices of forty basic menu items.

Don't let that extra hour hang heavy over your head. There's a big job to do at your local War Price and Rationing Board. Ask about the work panel assistants are doing to bring about ceiling price compliance and to combat inflation. You can turn that wasted hour into manpower.

Girl Scouts

Girl Scout Troop No. 2 has resumed its vacation period meetings. These are held each Friday, 2 p. m. at Grace Church of the Nazarene, Vista Grande and Santa Barbara avenues.

Leader is Mrs. Hazel Marsh, whose able assistants are Mrs. Ada Schultheis and Mrs. Edna Van Vliet.

PRICE CONTROL REALLY WORKS—Many favorable comments have been received at the board this past week on the display "Price Control Really Works" at the Palace market on Grand avenue in South San Francisco. We of the local Price and Rationing Board are proud of the part we have played in making such a display possible. We fully realize that the whole hearted cooperation of the many merchants in our area, and the faithful and persistent efforts of every person in the community to abide by the price control regulations, by conscientiously refusing to pay over ceiling prices and refusing to obtain goods without the use of stamps through black-market channels, has kept the value of our fifteen dollars relatively uninflated. We wish to thank Mike F. Ochoa and Vincenzini brothers for the use of the space in the window of their store, and a big thanks to Bill Webber of J. C. Penny company for printing the signs.

NEW BOOKS FOR GASOLINE—Applications are now available at the local board for renewal of A books which expire September 21. Applications will be made available to you very soon at several filling stations in this area. The location of these filling stations will be made known as soon as the applications are distributed to them. Please be sure all information required on application is given in full. Completed applications should be mailed to the board as soon as possible as the volume of work entailed is heavy and will take some time to clear through the local board. Late applicants may not receive their A books until some time after September 21. MAIL YOUR APPLICATION EARLY SO YOU WILL HAVE YOUR BOOK BY SEPTEMBER 21.

MAY WE REMIND YOU—Please apply for gasoline ten days prior to actual need. All rations will be mailed to you with the exception of specials. Please do NOT phone in or ask for rations over the counter. However, if there is an unreasonable delay of your rations, your inquiry will be given prompt attention. You may not realize that your telephone call requires the time of a clerk for special attention and delays the processing of all applications at the board, yours included. Our staff has a heavy work-load. Many of our regular volunteers have taken permanent positions in war industry. The work-load of the board for the next two months will be extremely heavy because of the renewal of basic A rations. You can help by volunteering your services for this work.

TRANSPORT ON VIEW

For the first time since the war's start, the public of the San Francisco Bay region will have opportunity to board a United States Army transport, Saturday and Sunday, August 26 and 27, in conjunction with the observance of Harbor Day, it was announced today.

Brigadier General C. H. Kells, commanding general of the San Francisco Port of Embarkation, announced that approval had been obtained from Washington to place on public inspection a converted troop transport of the C-3 type, so that the people may see at first hand some of the facilities provided by the Transportation Corps, Army Service Forces, for the movement overseas of American fighting men and equipment.

"These ships belong to the American public," General Kells said. "Each American has an equity in every vessel owned and operated by the War Department, and many have a double equity—because it is on these ships that their sons and brothers go overseas to fight. It is also on these ships that they are being brought home."

"Major General C. P. Gross, the chief of transportation, has authorized a public inspection of such a vessel at a San Francisco pier. It is the San Francisco Port of Embarkation's privilege to welcome the public aboard to see this ship for themselves, within the limits of necessary military security."

A similar public inspection of the United States Army Hospital Ship Ernest Hinds was held by the San Francisco Port of Embarkation last June 4 and 5, during which time an estimated 26,000 persons visited the vessel. This will be the first time, however, that a troop transport—subject to restrictions not imposed in the case of a hospital ship—is thrown open to the public in this area.

Only a few restrictions apply to the converted troopship. The name of the vessel; the exact troop-carrying capacity; where she has been and where she is going; armament and other classified equipment—these may not be divulged. No private cameras will be permitted on the ship or in the pier area.

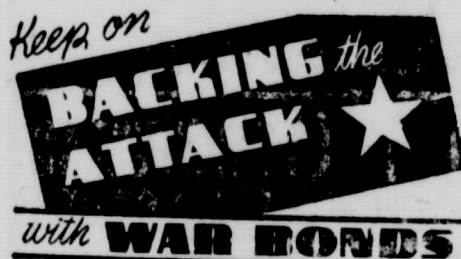

One thing which may be said is that this is no "show" transport. She has seen actual service in transporting troops and material to battle areas of the Pacific. She is neither the largest nor the smallest of Army transports, but the type described in communications as a "medium-sized" troop and cargo ship.

The location of the commercial pier at which the ship will be displayed has not been set definitely. This will be announced at a later date, as will be the hours for the public inspection.

Financial, Civic Leaders Plan Lunch

Headed by Marshall Hale sr. as honorary chairman, and Harvey M. Toy, chairman, a group of leading business and professional men of San Francisco, and San Mateo county, today announced a luncheon in honor of George R. Reilly, member of the State Board of Equalization for this district, Wednesday, August 30, at the St. Francis hotel.

Toy, widely known hotelman and civic leader, said the luncheon was being given to Reilly in recognition of his outstanding efforts in the recent Fifth War Loan drive, and for his leadership in other movements of public benefit. Toy pointed out that Reilly headed the bond drive of the beverage industry in San Francisco, which over subscribed its \$25,000,000 quota by more than 43 per cent. He added this group was the first in the nation in this industry to achieve such success in the drive.

"Rubberneck Rides" Popular With Boys

Popularly dubbed "Rubberneck rides" by the boys, Red Cross Motor Corps tours of the city more than show city sights to visiting servicemen, for, endorsed by military authorities, tours now convey ambulatory convalescents from nearby military hospitals about town as part of an educational recreation program in effect at the institutions.

Inaugurated at the request of military authorities, regular scenic tours of the city for convalescents at Letterman hospital are now in operation in addition to the older program of tours from the Red Cross Minna Street canteen, the Third and Townsend depot and the Ferry building.

Two days a week, buses, each loaded with 25 convalescents, leave Letterman hospital for a two hour drive through San Francisco as part of the reconditioning program at the hospital. For many of the men, just arrived from overseas, it is their first chance to see San Francisco, and it may be their last before they are transferred to hospitals in other sections of the nation.

Similar tours are conducted by the Red Cross for enlisted men passing through San Francisco who have only a few hours to spend in the city. Buses leave the Third and Townsend depot and the Ferry building regularly and the Red Cross Minna Street canteen on Sunday for a 25 mile tour which enables the passengers to say they really have seen San Francisco.

BOND ISSUE

A \$12,000,000 sewer bond issue has been proposed for inclusion on the November ballot here to make a start on putting San Francisco's sewer system in shape.

The money, if voted, would be spent on a North Beach plant for treatment of sewage before emptying it into the bay and on sewers in sections not now adequately served.

Experts estimate at least twice as much money as the proposed bond issue will be required to completely renovate the local sewer system.

NEW AUDITORIUM

A new and larger Civic auditorium for San Francisco is sought in a resolution pending before the Board of Supervisors, introduced by Supervisor Chester R. MacPhee.

The present 30-year old Civic auditorium, seating 10,000, was presented to the city by the Panama-Pacific Exposition of 1915. Now the city has postwar conventions booked, too large for existing hotel and auditorium facilities, MacPhee states.

Besides being a convention city, San Francisco is the logical choice for great exhibitions seen heretofore only in the east, and for great trade marts, according to MacPhee, urging erection of an auditorium large enough to accommodate them.

A job with a locomotive to help you

Work for a company
whose biggest job is
still ahead

This job pays about \$220 base pay after a couple of weeks of training. It's a job for an active man who doesn't like dull routine and who does like to see things move. The job: switching railroad cars, trains... coupling 'em, shunting 'em on to sidings... freights from all over the country, loaded with guns, tanks, war materials. You'll work with an engine crew (good guys if ever there were any), have a locomotive to do the heavy work. Remember, Southern Pacific's biggest job is still ahead... handling the ever-increasing war load for the drive in the Pacific. Your work will be vital. Railroad pass privileges. Fine pension plan. Medical services. The kind of job you can be proud of. Look into this today. (Student brakemen needed also. Pays about \$220 per month, after short training.)

CHRISTMAS MAIL

The Navy Mail Service, one of the largest postal distributing systems in the world, is urgently asking the public to begin preparation of Christmas packages and letters immediately, according to Captain James C. Clark, USN, officer-in-charge of Fleet Post Office, San Francisco.

In order that Christmas mail will be received approximately on Christmas Day, all packages and letters should be mailed between September 15 and October 15, it was pointed out.

With the tremendous task of delivering mail to Navy, Marine and Coast Guard personnel on ships and at advance stations, the Navy's mail service already has established more than 5,000 Naval postal units throughout the world.

One of the most important factors in speeding up mail delivery overseas is correctly addressing it. Captain Clark pointed out that with mail properly and fully addressed it is seldom delayed. He said the Navy is so concerned with getting mail to service personnel that, for example, three days after D-day on Kwajalein in the Marshalls and Saipan in the Marianas, mail was distributed from a troop ship not far off shore, to men on vessels supporting the attacks.

To show how important the proper address can be—including a full address in lieu of only a man's name—Captain Clark reported that 21,000 Smiths are listed in the Fleet Post Office directory service in San Francisco alone.

The official Navy address must always be used.

"No matter what newspaper or other publicity is given regarding the location of a serviceman, use his official Navy address," a Navy postal spokesman said. "Don't address him at Saipan or Cherbourg just because he was in an engagement there." Failure to comply with these official instructions will result in a long delay in the arrival of mail.

At the Fleet Post Office, San Francisco, a total of more than 60 million pieces of mail were handled in June. Of these, 35 million were airmail, not including V-mail. This gives an indication of the huge job of transporting and handling mail to overseas personnel. It was again stressed that

V-mail is given top priority.

Three things which should be done to make sure of facilitating mail delivery are:

1. Address it correctly.
2. Wrap it securely.
3. Mail it on time.

Invite Armed Forces To Dance, Broadcast

Today, a cordial invitation to all service men and women in Northern California to attend a gigantic military dance and Coast-to-Coast radio broadcast of "The Victory Parade of Spotlight Bands" at the San Francisco Civic auditorium, Saturday evening, August 26, according to announcement by the San Francisco Junior Chamber of Commerce.

The twin celebration will be staged as a climax to the Bay city's annual Harbor Day festivities. The event is open only to uniformed men and women of the Army, Navy, Marines and Coast Guard, and admission is free. Tickets may be obtained from the office of Special Service at the post, from the post chaplain, or by telephoning George Grantham, HEmlock 7171 in San Francisco.

The celebration will feature the music of Jan Garber and his orchestra, as well as personal appearances and entertainment by a host of Hollywood personalities.

Announce Engagement of Howard Byrne And Miss Martha Galindo, Guatemala

At a recent dinner party given by Mr. and Mrs. Edward Byrne, 6241 Mission street, the engagement of their son, Howard Byrne, to Miss Martha Galindo of Guatemala was announced. The bride-to-be is the daughter of Mr. and Mrs. S. Galindo, Guatemala. She has been making her home at Delano, California.

Howard Byrne, a graduate of Jefferson Union high school, is now employed at the Wells Manufacturing company in San Francisco. A November wedding is planned.

Those present at the dinner to hear the romantic news were Mr. and Mrs. John Eason and daughters, Dorothy and Hazel; Miss Patsy Snee, Albert Rehne, Charles Byrne, Mrs. E. J. Byrne, Mrs. Helen Cole and sons, Ronald and Sterling; Miss Dorothy Byrne, Miss Elisia Chacon.

Our boys must keep on fighting—we must keep on buying WAR BONDS until victory is won. Keep on BACKING THE ATTACK.
